

PROJECT PLAN TABLE

Goal	Objective	Methods	Timeline	Evaluation Measures
<p>Goal 1: Increase Access to breast cancer screenings for women living in rural parts of the Arkansas Affiliate service area and ensure continuity of care for women in need of follow-up services.</p>	<p>Objective 1: Provide free screening mammograms to 150 medically underserved rural women, ages 40 and older, living in the Arkansas Affiliate's service area using the UAMS mobile mammography unit.</p>	<p>1. Community-based organizations and churches will be contacted to schedule screening dates.</p>	<p>April 1, 2008 - July 1, 2008</p>	
		<p>2. Screenings will take place 4-5 days per week, depending on the locations of the screening sites.</p>	<p>Services provided throughout entire grant period</p>	<p>UAMS will measure the number of no-shows for appointments, with the goal of reducing the no-show rate from 15% to 10%</p>
				<p>UAMS will administer client satisfaction surveys (written & phone based) to ensure that clients are receiving timely, courteous services.</p>
	<p>Objective 2: For women in need of follow-up services, case managers will refer to the UAMS radiology department for diagnostic services.</p>	<p>1. Upon receiving an abnormal finding, a UAMS case manager will contact the patient to help her set up an appointment for diagnostic services. The case manager will maintain frequent contact with the patient during the diagnostic process.</p>	<p>Services provided throughout entire grant period</p>	<p>UAMS will measure timeliness of care for diagnostic services, with the goal of completing diagnostic procedures within 10 days of an abnormal finding.</p>
