

Project Title	Clay County Cares
Amount Awarded	\$17,395.00
Project Director	Melissa Williams
Institute	Piggott Community Hospital
Address	1206 Gordon Duckworth Drive Piggott, AR 72454
Phone	(870) 598-3881
Counties Served	Clay
Project Summary	<p>“Clay County Cares” seeks to create a personal connection between the women of Clay County and Piggott Community Hospital. In so doing, the county’s only medical center and provider of mammography will reach out to women who are not educated in breast health, and who do not receive annual screenings, due to income reasons. This program will provide free mammograms (including radiologist readings) and Ultrasounds if necessary. “Clay County Cares” will continue to be a catalyst for a countywide focus on breast health among women of Clay County. In addition to the free mammograms and breast ultrasounds, Piggott Community Hospital will educate young women in high school with breast self-exam information as well as educational materials. By targeting women and young girls, Piggott Community Hospital will reach out to women who need this service. We have a goal to participate in several health fairs where educational materials will be available. “Clay County Cares” will be a strong leader for our community in Breast Health.</p>
