

Project Title: Healing Angels Program

Amount: \$10,800

Project Description:

The Healing Angels program will provide low income, uninsured, and underinsured breast cancer patients from South Central Arkansas comprehensive services that will include medical and non-medical services. The objective of the program is to provide wigs, bras, prosthesis, and lymphedema sleeves to breast cancer patients. To enhance the current lymphedema program by providing lymphedema training for a physical therapist to meet the needs of the patients. Collaboration with New Images Boutique and local cosmetologists to assist with the fitting of bras, prosthesis, and wigs.
