

**Project Title:** The Pink Room Project

**Amount:** \$5,000

**Project Description:**

The Boston Mountain Rural Health Center, Inc. “Pink Room” Project is designed to provide a comprehensive women’s health resource to residents of Search County. Resources provided will address Cost, Education, Access, and Social Support. The target population for this project will include Searcy County women who are aged 35 and above. Education programs will be available to all women. Special programs will target women who are at, or below, the 200% poverty level and are uninsured for mammography. Physical activity and nutrition wellness planes will be available for breast cancer patients and survivors.

**Service Area:**
